MICK ANGLO VARIANT

MARVELMAN CLASSIC PRIMER # 1

Written by JOHN RHETT THOMAS
Cover by JOE QUESADA
Variant by MICK ANGLO

MARVELMAN COMES TO MARVEL! Who is the mysterious Marvelman? The answer to that question is one of the most mysterious in comics lore. Created in 1954 by writer/artist Mick Anglo, the character enjoyed a long run in the British comics market as one of its most powerful heroes. A few decades later, the character was revived with a dark, moody, deconstructionist bent, and produced one of the most important works of comic art in the medium's history. But now, miracle of miracles, Marvel has stepped up to the plate to deliver on the promise of Anglo's incredible characters. The MARVELMAN PRIMER will help readers unfamiliar with that character get up to speed on the past, present and future of Marvelman stories. We'll check in with Mick Anglo, Neil Gaiman and others who contributed to this character's history over the years. It was the news that swept the 2009 San Diego Comic-Con and the Marvelman Primer explains why! Featuring six all-new pinups of key Marvelman characters by superstar artists Mike Perkins, Doug Braithwaite, Miguel Angel Sepulveda, Jae Lee, Khoi Pham and Ben Oliver!

Written by DUANE SWIERCZYNSKI
Pencils & Cover by JASON PEARSON
"THE MAN BEHIND THE MASK"
You've seen Deadpool in countless (and we mean countless) comics before — but never like this. Really. Want answers about Deadpool? Like why does he refuse to remove his weird red-and-black mask? Why does he only answer to the name "Deadpool?" Was he really part of a black bag special ops team that nobody has ever heard of? Were his teammates really given names like "Bullseye," "Silver Sable" and "Domino"? What did Wilson know, and when did he know it? A bloody massacre in Sinaloa, Mexico has left hundreds dead and disgraced soldier Wade Wilson has a LOT of explaining to do.

The true origin from Deadpool's very talkative and crazy mouth continues to spill out, shedding new and bizarre turns. Did the clandestine military experiment that aimed to turn ordinary soldiers into super heroes do more than just that? Was Wilson a brave super-soldier fighting America's secret wars, or just some pissed-off hick looking for a little payback? Or both? To Deadpool, the truth's a funny thing...

And will Spider-Man's salvation be Wolverine, or the Blonde Phantom, or Bullseye... the man who never misses?

Cover by JOHN ROMITA

The tension-torn adventures of comics' most put-upon super hero, the Amazing Spider-Man, continue in another round of Marvel Masterworks classics! Stan Lee kicks it off with one of his craziest creations of all time, the Gibbon. And when that bestial baddy teams up with the vengeful Kraven the Hunter—well, it's enough excitement to give a hero an ulcer—and it does! Then, words between Peter's lovely gal Gwen and Aunt May push his doting aunt out of his life and into the arms of—an octopus! Doc Ock returns to do in Spidey, but with Hammerhead, the only gangster with more steel in his dome than in his gun, waging a turf war to take over the city it's open season on spiders! Always a man of the people, Spidey uncovers the machinations of a mayoral candidate who's not quite what he seems. When a daring act to save a man's life results in an accident that blinds young Murdock, he finds that the same accident has enhanced his remaining sense to super-human levels. After his father's murder those powers make him Daredevil, the protector of the New York's mean streets. Hiro-Kala is a boy with humble origins and a deadly secret. A former slave, he is the son of the Incredible Hulk and the Sakaarian queen Caiera, a child possessed of tremendous power — and an insatiable wrath! When his home world is destroyed by Galactus, Hiro-Kala swears vengeance on the Devourer of Worlds. And with his natural affinity for the deadly Old Power, inherited from his mother, he has the muscle to make good on his threats. Like all of the Hulk bloodline, he has a drive to conquer. Adrift in space with the remaining refugees of his destroyed home, the boy sets his sights on the strange planet Gaiusar, a world with deep connections to the Old Power. If he can subdue the natives and seize the rich Old Power for himself, he'll emerge as a force as powerful as any in the known universe. But when Galactus arrives, eager to sate his devastating hunger, Hiro-Kala finds himself in a fight for his life, with the fate of Gaiusar hanging in the balance! But now, that's all lost as he finds himself locked in a padded cell in a heavily guarded insane asylum. With no memory of how he got there, or even who he is, Wolverine is at the mercy of the mysterious Dr. Rottwell and his sadistic guards.
